

## CHANGES COMING JANUARY 1, 2018

All Medically Important Antimicrobial Drugs (MIADs) will require a prescription or Veterinary Feed Directive (VFD) to be purchased or used in California after January 1, 2018. This change will affect certain MIADs that have been available over the counter (OTC), listed below. To sell products requiring a prescription in California, a retailer must be licensed with Board of Pharmacy.

### OTHER

HANFORD'S US VET GO-DRY DRY COW MASTITIS TREATMENT  
HANFORD'S US VET MASTI-CLEAR  
TODAY LACTATING COWS  
TOMORROW DRY COW

## NEXT STEPS

To sell any of the above products, you must be licensed with Board of Pharmacy.

Please visit their website for more information on licensing requirements:

[http://www.pharmacy.ca.gov/applicants/apply\\_facility.shtml](http://www.pharmacy.ca.gov/applicants/apply_facility.shtml)

*NOTE: This change does not affect a retailer's ability to sell other non-prescription livestock drugs.*

**For more information, contact CDFA's Antimicrobial Use and Stewardship program:**
